- Leave a stack at the party with pens nearby so guests can fill one in whenever they get a moment
- Collect completed cards in a box, jar or scrapbook afterwards

FAQ

How many cards do I need? Print enough for every guest to have their own, plus a few spares — most hosts print 1.5x the guest count.

What if a guest is stuck for what to write? Prompt them with a simple question on the card itself, such as 'What's your best piece of advice for life after school?'
