Weekly Reset Checklist — Free Printable

Download this free weekly reset checklist and run through it once a week to keep your home feeling calm and under control, without a full deep clean every time.

What a weekly reset covers

- Strip and change bedding
- Run the laundry through to put-away
- Wipe down kitchen and bathroom surfaces
- Empty all bins and recycling
- Quick vacuum/mop of main living areas
- Meal-plan and shop for the week ahead

Tips for sticking to it

Pick the same day and time each week (Sunday morning works well for most households) and keep the list visible somewhere you will actually see it, such as the fridge or a kitchen noticeboard.
