Housewarming Checklist — Free Printable

Download this free housewarming checklist to make sure your new home is ready before you invite guests round.

Before guests arrive

- Utilities connected and working (gas, electric, water, internet)
- Basic furniture and seating in main rooms
- Kitchen essentials unpacked and accessible
- Smoke alarms tested
- A plan for parking/directions for guests

Nice-to-haves, not essentials

Decorations, a signature welcome drink and a playlist — all optional, but a nice touch if time allows.
